Helensburgh Sailing Club Dinghy Park Arrangements

On arrival at Helensburgh Sailing Club, vehicles dropping off boats should carry straight on past the car park and follow the road around the outskirts of the dinghy park until they reach Zone A.

Zone A will be the designated area for boat drop-off.

Trailers shall be unhitched in Zone A, moved into allocated spaces, and cars moved into Car Park.

Within the Dinghy Park, Zone B and C are the visitor sections. Zone B shall be filled first, then zone C.

Boats arriving on a single trailer shall be stored on their trailer.

Box trailers, double stackers, triple stackers and any other multi-boat carrying trailer shall be stored in Zone D once all required boats have been unstacked.

Should the Car Park become full, the overspill car park in Zone E will be open
