

2020/21 BUCS Fleet Racing Championship

Notice #2: Event cancellation due to Covid-19 pandemic

Senior BUSA officers met by conference call in conjunction with the Technical Delegate to discuss the feasibility of running the BUCS Fleet Racing Championship in Spring 2021.

Having considered the range of factors affecting the viability of the event the decision has been made to cancel the BUCS Fleet Racing Championship for the 2020/21 academic year. The next edition is now due to take place in November 2021 as the BUCS Fleet Racing Championship for the 2021/22 academic year. A new Notice of Race will be issued not before 1 October 2021.

While disappointed that it will not be possible to sail the Fleet Racing Championship this year, the BUSA committee is currently looking at options for a Summer event, and will communicate these with the membership as soon as possible.

Tom Rusbridge

Technical Delegate and Principal Race Officer BUCS Fleet Racing Championship
