### 5. ELIGIBILITY & ENTRY

Delete 5.8 (c ) and replace with

**Slow Handicap** and **Fast Handicap** Fleets – dinghies with [Portsmouth Yardstick Numbers](#) between 850 and 1240. The split between the fleets will be decided after entries have closed. The decision of the Organising Authority or Race Committee as to which division a boat shall compete in shall not be grounds for redress. This changes RRS 62.1(a). Boats with a handicap outside of this range or without a published Portsmouth Yardstick Number may be accepted at the discretion of the OA. *(NB. on BUCSPlay entries will be split into single and double handers. This is purely due to the admin of the online entry system and not how the fleets are split for the event.)*
